

Charmaine's

ROOFTOP BAR & LOUNGE

For Maximum Views of “Wow” and “Now” San Francisco

Proper's rooftop terrace showcases California's indoor/outdoor lifestyle with a social playground of open decks, bars and lounges, fire pits and fireplaces, all crowned by an original cornice of palmette leaves.

Elevator doors open directly inside Charmaine’s, an artfully designed bar and lounge where glass doors offer cozy respite for chilly days but fold open for dramatic indoor/outdoor vibes. While the main event is inarguably the panoramic bay and city view, the space is large enough to house a black-tie fundraiser, standing engagement party, or casual cocktail function with ample space for servers to weave through the crowd proffering well-crafted highballs and seasonal bites in hand.

Charmaine’s interior is divided into two main entertaining areas: a chic bar area, and a living-room area, available for partial buyout with the “point” of the building. Dotted with conversation-friendly fire pits, heaters, and sculptural cocktail tables, an outdoor rooftop deck runs along the length of the structure and culminates at this photogenic lookout.
