Los Angeles is on a hotel roll

A Soho House opens in Downtown, while the Kelly Wearstler-designed Proper Hotel launches in Santa Monica

Soho Warehouse is the members' club-hospitality conglomerate's third SoCal assay

To the west, designer **Kelly Wearstler** has just opened the second Proper Hotel (properhotel.com; from \$450) in Santa Monica. With 271 rooms and suites in a landmark 1920s Spanish colonial revival building, a restaurant collaboration between local cult table Sqirl and Mexico City's Contramar, and a sprawling Ayurvedic **spa**, it's set to make waves.
