Six Places To Add To Your Austin, Texas Wish List

March 26, 2020

Sallie Lewis Longoria

In these strange times, look forward to visiting these sophisticated spots when they reopen in the Texas capital that always keeps it “weird”

Austin Proper Hotel & Residences This new property, designed by Kelly Wearstler, is home to four restaurants from the McGuire Moorman Hospitality group, including The Peacock, overlooking Shoal Creek. The menu explores the diverse flavors of North Africa, Lebanon, Greece and Israel, and Wearstler’s bold designs, like the statement wall mosaicked with vintage Portuguese tiles, add Mediterranean flair.
