PROPER
HOTEL

SANTA MONICA'S FIRST AND ONLY
LUXURY LIFESTYLE HOTEL

Santa Monica Proper introduces a looser kind of luxury to Santa Monica. Here, within walking distance to the beach, each of the 271 rooms, suites and spaces successfully optimize the city's abundant ocean breezes and natural light, while the interior design finds inspiration in the organic tones and textures of the local coastline. Santa Monica Proper beckons guests with the only rooftop pool deck on the Westside, complete with Balearic restaurant, bar, and cabanas, where guests are front-row for sunsets over the Pacific. With an emphasis on Eastern inspired wellness, the hotel's Surya Spa (now open), offers custom-designed Ayurvedic programs supporting physical, mental and spiritual health. Anything less just wouldn't be Proper.

INTERIOR DESIGN

Using Santa Monica as muse, international design visionary Kelly Wearstler took cues, motifs and hues from classic Santa Monica history. With room designs distinct to each building, these clean-lined environments are grounded in a bold, neutral scheme of subtle organic textures, materials, and natural elements: sandy palettes, light hardwoods underfoot; grasscloths, and floor-to-ceiling windows. To further enhance the site-specific, artisanal feel in public spaces, Wearstler has collaborated with the finest names in L.A. art for original artworks and monolithic installations, such as Ben Medansky, Morgan Peck, Tanya Aguiniga, Len Klikunas, and Bradley Duncan.

ROOMS & SUITES

The 271 rooms and suites of Santa Monica Proper find inspiration in the organic tones and textures of the local coastline. Meeting the needs of the modern traveler, each room is well-appointed with specially designed furniture and signature Proper beds dressed with Bellino and Fili D'oro linens. State-of-the-art technology includes the Proper App and mobile room keys and checkout. In addition to curved floor-to-ceiling windows, balconies and garden terraces offer plenty of natural California light.

EAT & DRINK

Dine alongside sweeping views of the Pacific at Calabria, an indoor-outdoor rooftop bistro and beach-inspired lounge where ocean views are paired with biodynamic wine, signature cocktails, and Mediterranean and California cuisine. Retreat to Olea, a lush and breezy garden terrace, for fresh and inventive sushi and sake. Or linger in the art-filled lobby lounge, Palma, an intriguing setting for all-day dining or light bites, a deep dive on small-batch mezcals, and boutique wines by the glass.

SURYA SPA

Integrated into a Proper stay is the 3,000-square-foot flagship collaboration with celebrated wellness practitioners Martha and Roger Soffer. Following a philosophy that bridges the physical, mental, and spiritual, hotel guests and locals can explore 10,000 years of Indian wellness principles through therapeutic massage, steam and oil treatments, cooking, yoga, and meditation. Wildcrafted, plant-based ingredients are blended and created daily for each individual, to relax and rejuvenate. Guests may enjoy single treatments like Ayurvedic facials and scrubs, or the residential series—Panchakarma—lasting 3-21 days. Other spa features include an intimate retail space, yoga and TM classes in partnership with the David Lynch Foundation.

AMENITIES & SERVICES

A Proper amenity encourages wellness, satisfies cravings, or is simply on hand to please: A rooftop swim and ocean-view cocktails by the bar. Boards and bikes at the ready for a surf or ride on the beach path. Ayurvedic spa treatments. Yoga on the 2nd floor terrace. A state-of-the-art fitness center. A lobby lounge that's more like a living room. What you want, precisely when you want it is as easy as texting or using the Proper App.

MEETINGS & EVENTS

Santa Monica Proper offers more than 24,000 square feet of flexible space on the Westside, including four meeting rooms, ballroom, courtyards and terraces. To top it off, the expansive rooftop pool-deck-restaurant with unforgettable ocean views. The high-end services and hospitality of the Proper events team are personalized with market-driven catering menus for indoor and outdoor meetings, weddings, special events, and private dining with distinction.
