## ORGANIC TEA SELECTION

LEAVES AND FLOWERS

Leaves and Flowers is a California based tea company offering a unique selection of handcrafted botanical infusions and premium small batch teas. All infusions and teas are loose leaf and sustainably grown and harvested.

## BOTANICAL

CAFFEINE FREE

### IKEBANA

FLORAL ♦ PEPPERY ♦ SWEET

Named after the Japanese art of flower arrangement, Ikebana is a true summer bouquet. It is composed of our favorite California flowers, and though delicate, it has an elegant structure and body that persists with multiple steepings.

### MINTHA

FRESH ♦ SWEET ♦ UPLIFTING

In Greek mythology, Mintha was a Naiad nymph beloved by Hades. When she claimed to be superior to Hades wife, the angry goddess turned her into what we know as the mint plant.

### TURMERIC WELLNESS

EARTHY ♦ SOOTHING ♦ BRIGHT

Years ago we joined forces with California-based cookbook author Heidi Swanson of 101 cookbooks to create this cult-followed wellness blend.

## BLACK

### COPPER LEAF

HONEY ♦ MALT ♦ LONGAN FRUIT

Copper Leaf is produced in Southwestern Yunnan Province—the tea garden is situated at 1200 meters. This region is part of the Ancient Tea Horse Road, a trade route that transported tea over the Himalayas by caravans of men and horses. Copper Leaf is a Large Leaf varietal which is typical of Yunnan teas and the pluck is primarily one bud with one leaf. The pluck includes the early sprout and processing is carefully monitored to not over-roast these tender leaves. Despite the delicate bud set, the coppery leaves produce a thick, floral cup with a honeyed aroma and fruity flavor.

### CHAI ASSAM

SWEET SPICE ♦ PEPPERY ♦ BOLD

Once you taste the Chai of India no other version compares - except ours. True to origin, we blend small beads of Assam black tea with potent, aromatic spices. We also include Indian Rose and a whisper of Peppermint to add subtle complexity to the blend's rich sweetness. You may steep in a teapot to infuse, or for the traditional preparation, simmer in a saucepan on the stove with milk and sugar to taste.

### MOUNTAIN BEAUTY

DARK CHOCOLATE ♦ BAKED APRICOT ♦ HONEY

Grown on Wu Liang Mountain in Yunnan China, this complex black tea has distinguished aromatic notes and a deep red liquor when brewed. The large leaf varietal is wilted and fermented for longer periods of time than a typical black tea and is shaken vigorously several times during the drying process to promote thorough wilting and fermentation. With flavors of dark chocolate and baked apricot this is an easy drinking black tea, ideal for everyday consumption.

## OOLONG

### EMPEROR'S FLOWER

NOYAU ♦ JASMINE ♦ PINE NUT

Emperor's Flower is produced in Daqiulun, Fumei Village, Anxi County. During the Qing Dynasty this varietal gained popularity because of its rapid productivity. The leaves could be picked after just 2 years of growth (most tea plants don't mature for 6-8 years). The varietal quickly spread throughout the region because of its high quality and yield. Emperor's Flower is a semi-green oolong that is withered, sun-dried, then pan-fired and rolled into its curly shape. The drying process is completed with a final blast of hot air.

## GREEN

### YIN HAO JASMINE

SWEET ♦ SMOOTH ♦ FRAGRANT

The fresh jasmine blossoms are scattered over the tea leaves in such a way that the tea absorbs the aromatics of the flowers.

### HOJICHA

TOASTED ♦ NUTTY ♦ CARAMEL

A hand roasted Japanese green tea that contains both stems and leaves. This tea is humble in character, yet soothing and satisfying in flavor. Earthy, sweet, and mild. The perfect accompaniment with or after a meal.
