MAKE IT ROYAL

Includes:

Glass of Sparkling Wine

\$80 PER PERSON

ORGANIC TEA SELECTION

LEAVES AND FLOWERS

Leaves and Flowers is a California based tea company offering a unique selection of handcrafted botanical infusions and premium small batch teas. All infusions and teas are loose leaf and sustainably grown and harvested.

BOTANICAL

CAFFEINE FREE

IKEBANA

FLORAL ♦ PEPPERY ♦ SWEET

Named after the Japanese art of flower arrangement, Ikebana is a true summer bouquet. It is composed of our favorite California flowers, and though delicate, it has an elegant structure and body that persists with multiple steepings.

TURMERIC WELLNESS

EARTHY ♦ SOOTHING ♦ BRIGHT

Years ago we joined forces with California-based cookbook author, Heidi Swanson, to create this cult-followed wellness blend.

Turmeric Wellness is a mainstay blend all year round. This tea can support you during times of stress or anytime your system is feeling low or depleted. It is also a powerful tonic to drink preventatively. All ingredients are sustainably harvested and cultivated without the use of chemical

MINTHA

FRESH ♦ SWEET ♦ UPLIFTING

In Greek mythology, Mintha was a Naiad nymph beloved by Hades. When she claimed to be superior to Hades wife, the angry goddess turned her into what we know as the mint plant.

BLACK

CHAI ASSAM

SWEET SPICE ♦ PEPPERY ♦ BOLD

Once you taste the Chai of India no other version compares - except ours. True to origin, we blend small beads of Assam black tea with potent, aromatic spices. We also include Indian Rose and a whisper of Peppermint to add subtle complexity to the blend's rich sweetness. You may steep in a teapot to infuse, or for the traditional preparation, simmer in a saucepan on the stove with milk and sugar to taste.

MOUNTAIN BEAUTY

DARK CHOCOLATE ♦ BAKED APRICOT ♦ HONEY

Grown on Wu Liang Mountain in Yunnan China, this complex black tea has distinguished aromatic notes and a deep red liquor when brewed. The large leaf varietal is wilted and fermented for longer periods of time than a typical black tea and is shaken vigorously several times during the drying process to promote thorough wilting and fermentation. With flavors of dark chocolate and baked apricot this is an easy drinking black tea, ideal for everyday consumption.

OOLONG

EMPEROR'S FLOWER

NOYAU ♦ JASMINE ♦ PINE NUT

Emperor's Flower is produced in Daqiulun, Fumei Village, Anxi County. During the Qing Dynasty this varietal gained popularity because of its rapid productivity. The leaves could be picked after just 2 years of growth (most tea plants don't mature for 6-8 years). The varietal quickly spread throughout the region because of its high quality and yield. Emperor's Flower is a semi-green oolong that is withered, sun-dried, then pan-fired and rolled into its curly shape. The drying process is completed with a final blast of hot air. The twisted and rolled leaves are jade green with white downy hairs. During pan-firing, the rolled leaves are roasted just enough for the outer leaves to darken, while the inner leaf maintains its verdant green.

GREEN

GENMAICHA

RICH ♦ TOASTED ♦ PECAN

A popular and traditional Japanese tea composed of high-grade Sencha leaves and puffed brown rice. The Sencha is a first flush harvest from Kagoshima Prefecture, and the organic brown rice is cultivated in Hokkaido. Genmaicha is one of our favorite breakfast or afternoon teas and equally pleasing hot or iced.

GREEN TWIST

ALMOND ♦ HEART OF PALM ♦ MEYER LEMON LEAF

Green Twist is grown on Wangzi Mountain in Ning'Er County of Simao. This year the tea was harvested in early March due to the mild sunny winter. This classic Yunnan green tea is plucked with one leaf and bud combinations that are then rolled together. The leaves are expertly processed in small batches to retain a fresh taste with nutty undertones and a thick mouthfeel. This tea is incredibly life giving and able to be infused up to eight times.
